### Brief Details.

On 29/11/2021 at about 1124hrs, I was riding my motorcycle V1) FBS9489R along Penjuru Lane, towards rep workplace at the extreme left lane. As the traffic was clear and I was about to make a right turn into my workplace building on the right, I made a check on the blindspot on my right as there may be vehicles overtaking. However when I turned my head and looked in front, I saw there was a vehicle V2) SLP8894H exiting a building on the left and the vehicle had moved into the middle of the lane V1 was travelling, I applied brake on V1 but could not stop in time. My motorcycle V1 collided into the front right bumper of V2. After the collision, I fell to the ground from V1. As my left shoulder was in pain, there were people helping me to remove my motorcycle helmet and brought me to the road side. My motorcycle V1 was seriously damaged and the front coverset was broken. V2's front right bumper was broken. Ambulance and Traffic Police officers came to scene shortly after. I was conveyed to Ng Teng Fong Hospital via the ambulance.

I was issued a 14-days MC.
