Hi Miss Yi Xin,

Scorpion II comply with MASH , list price \$70,000. Anyway we out of stock, all our new shipment are pre-booked before arrival.

If interested you need make reservation before shipment arriving , our next shipment in March coming 6 units but 3-4 units already taken. Normally by the time arrived Singapore all be reserved.

We are the most expensive TMA in the market but we have more than 80% of the market share. We are the only TMA supplier since 1998 and still survived well until today. Ask around easily can find the good feedback in our quality and after sales services , the only negative is we are expensive.

Regards

Louis CHIA

Hi Louis, thanks alot for your information.

Can we have a quotation for this, i will inform client that UMAD is no longer in the market and they need to consider others.

Thank you for the prompt reply, appreciate it.

Best Regards

Yi Xin
