Re: Accident report before KPE exit to PIE toward Tuas.

On this day at about 12.55pm, I was driving my car on the left lane in KPE tunnel, planning to exit 3 to PIE. The traffic was busy and I saw the road works warning sign flashing on the exit lane. I was travelling about 65 KM/H. As I was driving closer to the exit I slowed down - preparing to filter left, a black Vellfire car came by the right side of my car and passed by me. I heard some noise and slight jerk with my car as the black Vellfire overtook me and exited towards PIE. I honked and the driver signalled and we move to the shoulder at PIE expressway to assess our car conditions.

There were no injuries from both parties; my husband was with me and met the Vellfire driver to exchange contact number. The driver name is Kai, contact number is 90294798, car number is EV988A. Our car is a black Jaguar XF2.0. SKT9458T

My husband told Kai that he should have slowdown and not cut into our lane, Kai claimed that we cut into his lane. The Vellfire has some scratches on the car's left side and he want us to compensate to repair the paint work, we did not agree to any compensation. Both parties agreed to make an accident report.

Below are some pictures showing scratches of both cars and condition and the sketch of the situation.

Jaguar with the scratches

Scratches on Vellfire

It was clear to me that I am on the correct lane and following the road warning sign. The Vellfire which is on the right should not cut in from the right to exit to PIE expressway.
