Hi Freddie

Our automotive surveyor will conduct a physical inspection of the vehicle, assessing the damage against the repair estimate. He will make his recommendation on parts replacement if any and labour cost to restore the vehicle to its pre-incident condition after ascertaining the consistency of the damage. He will monitor the repair and thereafter we will provide a report to you on his opinion of the reasonable cost of repair.

Our fees for this scope of work is base on the total cost of the estimate that is given by the repairer. If the claimant has provided the estimate, you may want to let us have sight of it in order to advice you our fees.
