Describe Circumstances of the Accident

On 23 Feb 2022, 13194RS (O Renang road, I was on the extreme right lane which was a turning lane only, therefore, I had waited for the car in view to pass and slowed down upon approaching the turn ahead. After signalling and making sure that my lane on my left was clear, I proceeded to switch lanes and went straight before I felt a knock on my left side ~~suddenly~~ out of the sudden. At that point, I was in utter shock as I wasn't sure if the car had swerved out of her lane and hit my car or that she was intending to change the lane as well. However, it was very clear that ~~she~~ she did not signal ~~and~~ throughout the incident. Looking out the previous traffic junction, driver had also cut a bus lane and not signal to state in court clearly. This poses a dangerous scenario especially when she was going at a rather high speed to overtake cars recklessly.

Declaration

We declare the foregoing particulars are true in every respect.
