SKETCH PLAN

DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

I was going to turn out from the car park. I noticed the vehicle B was parked after the turning left junction at the road side where the double yellow line and pedestrian crossing white line. There was no indication of hazard light on the vehicle B and the driver was inside the vehicle waiting for passengers to board. Before I turning I horned to alert vehicle B whether the driver will moved or not. However, vehicle B did not respond. So I decided to proceed to turn right. My vehicle already straight and that's where the collision happened. The vehicle B family were about to board the car at in front as it was a school / Community Club area. I felt the vehicle B was moved forward to pick them up. After which both of us moved our vehicles to in front to avoid blocking the traffic to assess the damages and took some photos. No one was injured in this accident.
