CONTINUATION OF REPORT

Brief Details.

On 09/02/22 at about 1800hrs, I was driving my vehicle GBJ8579T along the slip road of TPE towards PIE Punggol Road Exit. I was in lane 3 and as there was heavy traffic, my vehicle was stationary with many other vehicles stationary behind and in front of me.

Out of a sudden, a vehicle came very close to my vehicle from my right and knock onto my right side view mirror. I also heard a 'crack' sound. The vehicle did not stop and drove away. Thinking that the vehicle might have stopped further up from front, I proceeded to wait in the queue but I realised that the vehicle was nowhere to be seen.

My vehicle right side mirror is missing as a result of the collision but other than the missing mirror, there is no other damage to my vehicle. I look back at my dashcam footage and see that the vehicle that collided onto me was PB2800U. I have dashcam footage of the incident and I have removed the memory card that contains the footage.
