Brief Details.

On 11/11/2021 at about 0553hrs, I was driving 34899MID; a SAF Combat ambulance from Mural Urban Training facility located at Jalan Mural and was proceeding to Hendon Camp located at 6 Old Pier Rd. I was driving on the outermost left lane. There were 3 others onboard the vehicle. However, I do not have their particulars.

I was driving along Loyang Avenue and had just drove past a bend. The street lamps along Loyang Avenue were not working. I had to rely on my vehicle's headlights while driving on the dark road. I thought I saw something dash out from the left. I then swerved towards the left, the vehicle then collided into a lamppost of number 82 and subsequently hit onto a tree.

Due to the impact, the lamppost fell onto the same tree I had collided into.

Neither myself nor the passengers onboard 34899MID were injured. Traffic Police and LTA were contacted and they arrived at the incident location.

The lamppost was removed by LTA.

Due to the collision, 34899MID's front bumper fell off. The front left wheel and front headlight is damaged.
