Brief Details.

On 15/03/2022, at about 0910 to 0915am, I was travelling along Church St towards Collyer Quay. It was a 4-lane road and my vehicle, car plate SMF7309D, was travelling along lane 1. As my vehicle was approaching the junction turning right into Collyer quay, there was another vehicle from the left side (lane 3), travelling very close to my vehicle and side swipe onto my left passenger door. The vehicle who come very close to me could be coming from church St or Cecil St.

At that moment, the incident happened quite fast, and I was quite shocked from it. I couldn't notice the car plate number or any of the car description of it as there were a lot of vehicles travelling along the road. I also couldn't stop my vehicle in between the road to check the damages as there were a lot of vehicles moving.

I then continued drove towards my destination which was at shenton house. As soon I parked my vehicle at shenton house parking lot. I came down from my vehicle to assess the damages I saw that my left side bottom part passenger door, there were a lot of long white scratches and a few slight dents. The left side of my front wheel fender was dented as well.

At that point of time, I was rushing for my work and couldn't call for the police. At about 0945am, I called the police and they advised me to lodge a traffic police report. Hence, I am here to lodge a traffic police report against whoever hit on my vehicle.

I wished to state that, I couldn't remember are there any traffic cameras at said location. My vehicle also does not have any in-car camera. No one was injured from this incident and no property damage as well.
