Brief Details.

On the 7/4/22 at around 1240hrs, I was driving my company lorry bearing the registration plate number, YP1597H along PIE towards Jalan Bahar. I then exited PIE (Exit 36) and was waiting at the traffic light (red) to turn left towards Boon Lay. There was one white Mazda bearing the registration plate number, SBU1919J who was in front of me waiting for the traffic light as well. Suddenly, one army truck bearing the registration plate number, 21168 MID crashed into the rear of my lorry which caused my lorry to move forward and hit onto the car in front of me as well. I came down to make a check and no one was injured. My aluminum section that was placed in the back of my lorry had pierce the front windscreen of the army truck. My lorry also sustained damages on the front portion, and I am not too sure if the rear has any damages. Road marshal came to scene and informed me that I had to lodge a traffic accident report regarding this.
