## Sketch Plan

Describe Circumstances of the Accident

On 14th April, approximately 610pm to 615pm. I was travelling in vehicle plate SKC 206C, along Jalan Bahar and turning into the PIE via slip road near exit 36. I was travelling behind a group of cars and as the exit was congested, the car in front stopped near the exit. I applied the brakes upon seeing the tail lights of the car (SFL 9998C) in front of me. However, it was too late as I knocked onto SFL 9998C.

There were no known injuries and though the traffic police was called, there were no police report made as all parties agreed to settle via insurance coverage.
