**Brief Details.**

On 15/04/2022 at about 1058hrs, I was driving along PIE towards Bukit Batok from Sengkang. At the time, it was raining, and the road surface was wet, therefore I wasn't driving fast.

While I was driving in Lane 1, I realized that there was an accident ahead and there were 2 cars in front of me that had come to a stop, therefore I slowed down and came to a stop as well. My wife who was my passenger at the time realized from the left side mirror of our car, that there was a motorcyclist coming into the left side of our car. As soon as I stopped, the rider suddenly hit the right rear of my car and fell to the ground.

The rider had fallen and fell into the drain in in the middle of the expressway. I went out to assess the situation and help the rider who fell into the drain. There were other drivers there who had called for the ambulance.

Traffic police were already on the way due to the accident that already occurred in front of me. I did not exchanged particulars with the rider and was told to wait for an IO to give me a call. The rider was conveyed by ambulance to a hospital. The Traffic Police had taken an SD Card from my dashcam.

To my knowledge, only the rider had sustained injuries and was conveyed by ambulance to a hospital, my car had sustained slight damage on the right rear end and the motorcycle was quite damaged as well.
