FACTS OF CASE:

I am the above mentioned person and driver of vehicle
 BMW 5908 Z when it was involved in an accident on 21/04/2022
 at about 1300hrs along Bedok North Road.

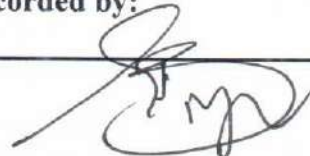

Prior to being involved in the accident, I was at an exhaust
 workshop at First Best Care at Kaki Bukit to change exhaust
 my rear muffler to another rear muffler that is original for
 another Maserati model vehicle. After completing the change,
 I proceeded to drive my vehicle home. I was alone and it
 was raining at that time.

I was travelling along the right lane of Bedok North Road
 towards Bedok Central. After the entrance of PIE (Tues) I
 joined to the left lane. After joining about 2-3 seconds later,
 my vehicle started to veer left. It was too sudden and
 I was not able to ~~control my vehicle~~ ^{control my vehicle}. My vehicle continued
 rotating anti-clockwise and ~~exited~~ ^{mounted} the kerb, travelled over a
 drain and onto the grass patch beyond the drain. My vehicle
 eventually came to a stop with the front portion facing the
 opposite direction from where I was travelling. My entire vehicle
 had stopped on the grass patch and had come to a stop
 via my braking. After alighting, I call my wife to inform her
 about the accident. Shortly after, a passing K9 unit Police vehicle.

STATEMENT

Stopped and assisted me to call for Traffic Police. Upon arrival of the Traffic Police officer, I related to him what had happened. The officer then advised me to arrange for my towing and to make a Police report as a small tree was damaged as a result of the accident. By then I had already called my insurance broker to arrange for towing. A tow truck subsequently arrived and left. Lifted my vehicle off the grass patch onto the roadway before towing my vehicle to AS Auto at Kaki Bukit Road 6 as they are my regular workshop. I made a Police report online on the same day and an insurance report the next day. I estimated my travelling speed to be about 70kmph prior to the accident.

This vehicle was bought in Jan 2022 from a used car dealer. I had ~~had~~ The cost of the vehicle was \$134,000/- and it is registered under my wife's name. I will drive this vehicle instead of her most of the time. I had sent my vehicle for one servicing between taking possession of it and the time of accident. The receipt of this is inside my car. The 2 front tyres of my vehicle was also replaced. So far, I have not encountered any mechanical issue with this vehicle.

I possess Class 3 and 4 driving licence since 2015. Previously I owned a Audi A5 and I have not been involved in any accident. I have ~~no~~ no traffic offence for the last one year.

I wish to clarify that my vehicle was lifted from the grass patch by a ~~crane~~ lorry mounted with crane before it was towed by a normal tow truck to the workshop. I am not insured as a result of the accident. That's all
