FACTS OF CASE:

I Lee Boon driver of CLE5363R on 2/4/2022 1130am I went down set the vehicle with my granddaughter to tuition. When everyone is in the vehicle, I started the vehicle and drove to the Exit gantry about 2mins away, suddenly my granddaughter informed me that she smell some weird burning smell and subsequently noticed smoke emitting from the front left glove box and dash box.

The engine subsequently stalled. I asked my granddaughter to leave the vehicle and I also left the vehicle and went to safe place away from the vehicle. I called my friend and he arranged a tow truck for me and towed to Amk Autopoint as I have a unit there and it is a Saturday.

on the following day, I went to make ~~to~~ an accident report at Chew Goon motor which was located downstairs my shop unit.

There is no abnormalities to the vehicle prior to the vehicle incident. There is no modifications to the vehicle.

STATEMENT

Regarding to the Recall extension No. R2016040221X04. I would like to inform that I did not received any recall order. Since the day I own this vehicle until the date of the incident. I did not shift base in the process. I bought the vehicle on 03 Oct 2016. And the recall order was issued on 04 APR 2016, I was not informed by the car dealer when I first bought the vehicle.

I am willing to sign a statutory declaration for the recall order.

I moved the vehicle from Chew Giron motor because I have waited too long for the ~~claim~~ claim process and I have been paying a rental vehicle in the process of waiting and do not wish to wait any longer, will retract my OD claim.

I hereby wish to affirm that the above statement is true and correct at the time it was written.
