Sketch Plan

Describe Circumstances of the Accident

- While travelling on CTE at about 80km/h on 7 May 2022, 8:46 pm, the driver (Goh Qing En) collided with another vehicle belonging to Mr Lim. The accident took place during rain under raining conditions on wet roads. The vehicle in front was travelling about 40m ahead of me when he suddenly came to a complete stop rather abruptly. Once I saw the brake lights of Mr Lim's vehicle, I applied the brakes of the car. Realising he came to a complete stop at about 10m away, I ~~had~~ stepped on the brake pedal as far as I could, however, due to the wet condition of the road, the car was not able to stop in time, and collided to the rear of Mr Lim's vehicle.
- After colliding, both drivers got out to assess the situation. It was noted that Mr Lim had 2 other passengers on board but were not injured. Mr Lim's vehicle seemed to have sustain damage to the paintwork of his rear bumper and possibly his rear view camera/sensor.

Declaration

We declare the foregoing particulars are true in every respect.
