Brief Details.

On 10/05/2022 at about 0850hrs, I was driving my car plate number SJX8797L on the extreme most lane along KPE. I was intending to exit the expressway to exit 9A as such I release my accelerator to slow down. Suddenly I felt an impact coming from the back. I realised that there was an LTA marshal riding motorcycle plate FBS4169Y who had collided with my left rear.

The rider did not fell as he managed to control his motorcycle. I then stopped my car at the side and render assistance on the rider. I called for the ambulance as I saw that the rider was injured on his left leg. Ambulance came down first and attended to the rider. Traffic police came and interviewed me. The traffic police seized the SD card to my in-car camera and gave me a case card. He advised me to lodge a traffic report with the case card given at the nearest police station.

I wish to inform that I did not take the particulars of the LTA marshal as he was injured and I did not wish to disturb him further. My left rear of my car was damaged and the rear bumper was dislodged due to the impact. That is all.
