Describe Circumstances of the Accident

There was road work/maintenance on the most right side of the expressway. I Alter left to the middle lane to avoid the road work, when I was checking for blind spots when I look up the lorry in front of me jammed break. I immediately floured the breaks however ~~the~~ it was not in time.

It was a five car chain collision where the first car jam break right beside the road works hence ~~the~~ ~~cases~~ there was not enough time for me.

Upon checking, I am unsure whether the lorry hit the vehicle in front
