Brief Details.

REPORT #2

On 14/04/2022 in between 1345hrs to 1400hrs, I was riding my motorbike V1) FBR6700E along Boon Lay Avenue towards Jalan Boon Lay as I have to collect another food order from Jurong Point Shopping Centre.

Upon reaching the junction of Boon Lay Avenue and Boon lay Drive, the traffic was red and I stop at the stop line waiting for the traffic light to be in favor. When the traffic light turn green, I rode off and out of a sudden, I felt an impact coming from my right and I lost consciousness from the impact. I do not remember what had happened.

On 15/04/2022 in the evening, I regained consciousness at National University Hospital and from here I was told by the nurse that I was involved in a accident. Thereafter, my friend told me what had happened to me. My other friends who are also working as a Grab delivery rider told me that they went to the scene when the accident happened. They also found video footage on my accident on Facebook which was posted by "Singapore Road Accident.com", where V2) SHB3416J had knocked me down from my right when I rode off from the stop line.

I sustained injuries on my right leg which causes walking difficulties. There is also blood clot in my brain after doctor done a CT scan. I was given 17 days of Hospitalization Leave from 14/04/2022 to 30/04/2022. I am going back for a review for the blood clot in my brain on 19/05/2022 at about 0830hrs.
