**Brief Details.**

I was driving along CTE towards SLE, after Jalan Bahagia exit, before PIE (Changi) exit. The weather was clear, road was dry and the traffic was heavy. The car in front of me was coming to a stop and I also did the same. Once I had stopped my taxi, 10 seconds later the car behind me collided with the back of my taxi. This sent me and my passenger to jerk forward and back with an impact. I hit the back of my head and body quite hard on my seat and was quite shocked. Both of us were wearing our seat belt. After asking the passenger's well being, I went out to exchange details with the other car driver after which I proceeded to send my passenger to her destination as the car can still be driven. After sending her, I felt nauseous and vomited. Later that night, I when to SKH A&E to sought medical attention as my pain was getting worse on of my head, neck and back. I was warded 1 night for observation at the hospital and was given 15 days MC and a follow up appointment to see the spine doctor .
