Brief details.

On 16/10/2021 at about 1131hrs, I was driving my comfort delgro taxi bearing SHC7708K with three passengers along PIE towards TPE before Upper Changi Rd East. There was a lorry on my left side as I was going to turn into TPE. The lorry cut into my lane ahead of me and hence I step on the brakes. I then felt an impact from my rear and a SCDF ambulance bearing QX1222S has hit my rear. I then got out of the vehicle and took photos of the damage on the vehicle. Traffic police also came to scene but there was no need to lodge a traffic police report as no passengers were injured. One of the SCDF officers
