Brief Details.

On the stated date and time, I was driving SMM5248Y along Bedok Road towards Simpang Bedok direction.

I was driving along the 2nd lane from the right, which could go straight or turn right, at the junction ahead.

At the junction of New Upper Changi Road, I proceeded to Turn Right when a huge impact hit my vehicle from the right.

My vehicle jerked sideways and I knocked my left knee against the center console as I was caught off guard by the unexpected impact.

I alighted to realise that SLR9287T had hit me on my vehicle's right portion as the driver had gone straight instead of turning right at the junction.

Initially, only my left knee felt abit painful.

However, shortly after the accident, my neck, shoulder and back areas started feeling stiff.

I went to seek treatment at Intemedical Kovan as my family clinic was already closed by then.

I was given 3 days MC for injuries caused by the accident.
