**Brief Details.**

On 31/07/2022 at about 0955hrs, I was along Lor 23 Geylang when I heard a loud crash. I saw a silver Honda (SLE4060G) crashing onto the road sign causing the road sign to fall and hit onto the rear left of my vehicle (SDK9600D) causing a dent. I saw 2 male subjects alighted from the vehicle but I did not approach them as they seem to not be in the right state of mind. Both subjects subsequently left in the silver Honda. Thereafter, I called for police who came and took the SD card inside my in-car camera as my camera may have captured the incident. I wished to state that I have stopped by the road side to pick my wife who has difficulty walking after suffering from stroke about 10 years ago.
