Dear Mr Chan Yeow Choy,

ACCIDENT INVOLVING SLC9321G (CHINA TAIPING) AND SHC5331B AT/ALONG CANTONMENT LINK ON 15/05/2022

We refer to the above subject matter and our earlier tele conversation.

We write to inform you that we are the loss adjuster appointed by your motor insurer, China Taiping Insurance (Singapore) Pte Ltd to deal with the third party claim against your policy.

We have received a claim from **SHC5331B** against your motor insurance policy.

Based on the accident report and accident scenario, we are of the view that liability is not in your driver's favour. Therefore, we shall proceed to negotiate for an amicable settlement of the third party claim at best to avoid further litigation, which would escalate to even more cost.

Should you however wish to further discuss on the matter prior to our negotiations and settlement, please contact us within 07 days from the date of this letter.

Thank you.

Dear Jacqueline,

We refer to your email below and our previous tele conversation.

I have called OI. According to him, he was told by his friend that his car was involved in the minor accident. His friend also informed him that third party (the taxi driver) has no intention to claim (no evidence proof). He insists his friend to make an accident report by provided his personal details. He did not have a copy of accident report lodged by his friend.

He is planning to sell his car and found out from the insurance agent that there will be no reimburse from the remaining policy due to accident claim. He was curious as he did not receive any letter and he has totally forgot about that accident. Explained to him that based on accident report, his friend only provided his h/p number. All correspondence contact including email & mailing address were his friend – the driver.

We also informed OI that based on Singapore Motor Accident Guideline, we will handle & settle third party claim. OI has no dispute on it.

We have emailed OI with a copy of accident report (pls find enclosed).

Thank you.

With warmest regards,
Ezlyna
