Brief Details.

On 24/04/2022 at about 2000hrs. I was riding my motorcycle FBQ2745H along River Valley Road. I am not sure of the road but I believe it is at Saint Thomas Walk, but there was a red car coming out from a T-junction into River Valley Road and did not stop nor slow down at the stop line. I was unable to react in time and I collided onto the right side of the car. As a result, I was flung over the car and landed on the ground. Subsequently I fell unconscious. When I woke up, I discovered that I was at Singapore General Hospital. The hospital diagnosed intracranial haemorrhage. I was discharged on 28/04/2022 at given 38 days of MC. I could not remember much of the accident.
