Brief Details.

On 23 August 2022 at about 9.50am, I was driving my Audi SMP 5338E along PIE towards the direction of Tuas. Near the 36km mark, I was travelling on the extreme left lane, intending to exit PIE via Jalan Bahar exit. There was a traffic jam near the exit, my car came to a complete stop. My seatbelt was properly strapped on. I was just awaiting for traffic ahead to move when my vehicle was rear-ended. I was not braced for impact. I alighted from my car after impact and realized that SLC 4549A was the 3rd vehicle and SCW 58C was the 2nd vehicle being the vehicle immediately behind mine. I would call this a 3-vehicle chain collision.

I am making this report as I am initiating a claim for compensation. I have visited Alexandra Hospital A&E Department soon after the accident on 23 August 2022. I was given MC for 3 days.
