Brief Details.

On the stated date and time I vehicle SMR4602M was travelling straight on the stated venue.  
I was on a 2 way lane, single lane on each side.

As I approached the T junction, I signalled my intention to turn right and I proceeded to make my right turn.

Suddenly vehicle GBJ4474M who was initially behind me overtook me from my right, the said vehicle was travelling against the flow of traffic.

The said vehicle then hit onto the right portion of my vehicle.

The impact was great and it causes the right side of my body to hit onto the door.

After a while I start to feel pain on my neck, shoulders, lower back, right knee and right elbow areas.

I then proceeded to Family Doctors at 365 near my place to seek treatment and I was given 3 days MC.
