### Describe Circumstance of the Accident

I was driving on right most lane on AYE <sup>(change)</sup> (Jiving to Puggol) <sup>before exit 8</sup> around 6:30pm. An ambulance with sirens on was behind me and I tried to move to the left lane to give way. It was raining heavily.

~~The car on the left lane behind me and my car brushed slightly during the lane change to give way to ambulance.~~ The car on the left lane behind me and my car brushed slightly during the lane change to give way to ambulance. As traffic from both side lanes was heavy and it was raining, I moved to the road shoulder and waited. Even after 5mins, he did not park behind me in the road shoulder. As traffic was still heavy for me to leave the car, I moved forward slightly to a bus stop before exit 8 and waited another 10mins. The other party did not arrive. We did not manage to exchange contact information.
