Brief Details.

On 05/08/2022, I have lodged a traffic police report T/20220805/2120.

I would like to add on the following details:

The driver of SLC8540Y was on the left lane which can only go straight. He speeds up and attempted to make a right turn causing him to collide into my vehicle. As a result, my vehicle suffered damage on the front left side, my mother(passenger) suffered injuries causing numbness in her left side and is currently hospitalized. I suffered injuries to my upper back as well as my left leg with numbness in my left toe.

I hope that the case can be processed as soon as possible to prevent this from potentially happening to other road users as well.
