**CONTINUATION OF REPORT**

Brief Details.

On 18/09/2022 at about 1100 hour, i was driving my car SMU681U along Amber Road towards Haig Road. When i had reached the traffic junction, the light had turned to "Amber". But unfortunately, during and at that material time as the light was still "Amber" and my car was at the middle of the traffic junction, there was a car SKP1158H had dashed out immediately and directly from the opposite direction had made a right turn towards my car front suddenly. The car did not stopped his car at the STOP line waiting for oncoming vehicles to clear before he could managed to make a right turn. SKP 1158H had damaged my car SMU681U front portion after the collusion.

I did like to state that I had slowed down my car and horned at SKP1158H to avoid the collusion. But she had ignored my horn and continued driving towards my car to cause the accident occurred.

My car camera captured the entire accident in a video clip that exceeds 2MB; I have saved the clip onto my laptop and can provide if need be.
