Dear Yan,

As discussed please see attached quotation. In short we are concerned with damage to a Third Party vehicle, Fuso Chassis. It is likely that the damage was caused by an unidentified vehicle sideswiping the front right side of the chassis.

Damage was noted to the door, side step, bumper, light amongst others during our initial visit. I have attached some photographs for reference.

Please advise on the appointed person for us to put in touch with the relevant persons to arrange a site visit/inspection.

Thank you.

Best Regards
