Brief Details.

I am working as a full-time Grab driver. On 13/08/2019 at about 12.50pm, I was driving my car, SKL4645L silver Toyota Estima, travelling on the extreme left lane along Bukit Timah road towards Upper Bukit Timah Road. Upon approaching King's Albert Park, suddenly there was this Malaysia Toyota green car bearing registration number JKL9741, appeared from my left side. Immediately I slowed down my car and apparently the said Malaysian car did not slow down to give way but instead trying to squeeze through. At this juncture I then could hear scratching sound. I decided to pull over and upon making a check, I discovered scratches and dents found on the front left tyre rim as well as on the bumper. The said Malaysian car rear right portion has some dents and scratches. Two male subjects came out from the said Malaysian car. When I started to feel pain on my arms and rear part of my body, I then then decided to call for ambulance. Traffic Police and ambulance came shortly. All particulars were taken down by the Traffic Police officers. I decided to seek medical treatment at Mount Alvernia Hospital subsequently in the afternoon where I was given five days of Outpatient Sick Leave. I am lodging this Traffic Accident Report for insurance claim purpose. I wish to state that there is no vehicle in-car camera inside my car.
