#### Brief Details.

On 22/10/22 at about 11.10am, I was driving my vehicle, SKC7084R, travelling along Gambas Avenue heading towards Woodlands direction. Traffic was heavy and vehicles in front of my car had slowed down to a stop, hence I also slowed down and stopped my car. All of a sudden, I felt a very strong impact from behind and realised that a vehicle, GBK7200L, had collided into me from the back. After the first collision, I felt another two collisions coming from the back which caused my car to inch forward further. After I alighted from my car, I then realised that it was a chain collision.

After the accident, I had pain and discomfort in my back, neck, shoulders, right arm and hand so I went to see a doctor at Mount Alvernia Hospital and I received 5 days of MC.
