Describe Circumstance of the Accident

I was going up the slope I stop to check for on coming vehicle as I release the brake the car move back abit and I feel a big impact on my rear portion of the car. The car was close and down the slope (I dont know why the car must follow me closely). If there is no car at the slope I will not hit the back car. I cannot agree it is all my fault as the front vehicle of me just clear the slope. If I am too fast I hit the front car. Please understand my situation.

Declaration

I/We declare the foregoing particulars are true in every respect.
