CONTINUATION OF REPORT

Brief Details.

I am a grab driver sending my passenger from Kovan MRT exit A towards Serangoon North.

I was driving (SMG6667X) on Simon Road entering roundabout right before exiting on Kovan Rise when car A (SKZ7626G) from opposite direction of Simon Road entered the roundabout without stopping at the stop line.

Car A T-boned the left side of my car right in front of the stop line right before I exited towards Kovan Rise. It activated my left side airbags and caused my car rear to swerve to the right hitting the kerb. I stopped the car immediately on the white chevrons on Kovan Rise right after the roundabout.

My passenger was thrown against my car door and couldn't control her right arm. She hit her elbow on something and it started bleeding.

I immediately called the emergency hotline to call the police and ambulance.

Driver of Car A came to my car and checked on me. He also acknowledged that it was his fault for not stopping at the stop line and hitting my car as he claimed his TADA passengers were rushing him to drive their destination faster. There were 4 passengers in his car.

I have photos of the accident of both cars. However, I do not have photos of the immediate accidents as I was contacting the emergency services when Car A reversed like 10-20m back onto Simon Road to not block the traffic.

The ambulance took the passenger away, while a police officer arrived on a bike and asked us some questions and took both our in car camera SD card.
