Subject Request for DS

Dear Sirs,

Third party reported that he was driving in the carpark, our insured lorry suddenly moved out from a stationary position and hit onto third party left side portion.

Our insured driver reported that he was exiting carpark. He already moved out from the parking lot and third party side swipr with his lorry.

Both parties has no video footage, only scene photos. We have reviewed the matter and we are of the view that liability is not in our driver's favour as he was moving out from stationary postion and collided with third party who was driving straight.

Please advise if we may proceed DS at 100%.

Thank you.

Hsiao Tong
