Dear Sirs,

By way of introduction, we act for SATS Ltd and their insurers in relation to the above captioned matter.

Briefly, there was an accident involving YP 3739U, belonging to Loaded Services Pte Ltd, ("**the Claimant's lorry**") and WC 7959A, a SATS vehicle that was towing SATS container (BT 1350) at the time of the accident. The SATS container (BT1350) subsequently came loose and impacted the front portion of the Claimant's lorry. The Claimant's workshop has since provided repair estimates at \$37,310.62.

We attach herewith copies of scene photographs showing the damage to the Claimant's lorry as well as the repair estimates provided by Tan Lim Motor Pte Ltd, the workshop appointed to repair the Claimant's lorry.

We would like to appoint your good office to conduct a physical survey of YP 3739U and provide a survey report stating the reasonable costs of repairs of the Claimant's lorry.

In the circumstances, we shall be grateful if you could provide us your fee estimates for (a) conducting a physical inspection; and (b) providing a survey report, as well as your availability for either end of this week or early next week for our consideration.

We look forward to hearing from you on the above.

Thank you.
