Brief Details.

On 11/11/2022 at about 1940hrs, I was travelling along CTE towards City on the 2nd right most lane. I had just past the bukit timah exit, entering into the viaduct when the vehicle in front of me suddenly emergency braked. As such, I also applied my emergency brake to try and avoid a collision. However, the vehicle behind me was not able to stop in time and collided onto the rear of my vehicle. My vehicle did not collide onto the front as it had driven off by then. I then got down from my vehicle and took photos, before both of us moved out vehicles to the left road shoulder. We then exchanged particulars. Both of us informed no injuries. My vehicle's rear area was damaged. The other vehicle's front area was damaged.
