**Brief Details.**

On 18/11/2022 at about 12am, I have my car SKX7573K at the open space car park near to Blk 496 Jurong West as I wanted to go to the laundry shop to wash my clothes. I remember I parked in the car park lot there is cars on both my right and left side. However, I cannot remember the car park lot number. About 2hrs later, I returned back to my car and I saw a small piece of paper placed on my windscreen. The paper stated 'Hi someone hit your left bumper SJT562X. He already and drive off afterward. 96443955. I saw it, but I don have the camera footage.'. Hence, I checked on my car and there was some scratches and a small dent on my left bumper and I used my phone to take some photos. At the point of time, there was only one car still parking on my left side. I did not notice if there is any in car camera on the car parking on my left. I do have in car camera but it will not be in recording mode if the car engine was not switched on. I wished to add that I did try to view the footage but there was no recording of it and I already reformatted my SD card as the date was all in year 2018.
