Subject: Re: Accidents involving vehicle SMF2318K on 2 March 2022 - AXA/MC/22-0311

Hi Naaz,
Please refer to the bold font as replied.

1. Were you feeling sick with gastric pain and vomiting for the 1 week before the accident on 2 March 2022?
No
2. Are you now able to remember the 1st accident along the CTE exit to Jalan Kebun Limau at 1200hrs?
No
 - a. If yes, please advise us what had happened and where did you go after the 1st accident? Please also confirm if you had called anyone to inform them of the 1st accident?
3. Are you able to remember what you did and where you went between the 1st accident and 2nd accident?
No
 - a. If yes, please provide us with details of your activities and the locations that you had visited, as well as where you were heading to when the 2nd accident had occurred.
4. Please confirm if you had suffered any head injury due to the 2nd accident and if this had been informed to the doctor at Changi General Hospital.
No

We had made a lot of statement before including this statement.

The case had been investigated since 2nd Mar till now. Our company had facing issue of transport for business purpose. We hope that this will be the last statement and the result of the claim will be out as soon as possible.

Thanks a lot.

Regards,
Loo Chun Yik

Dear Mr Loo,

We hope that this email finds you well.

We refer to our telephone conversation earlier on the subject matter.

As discussed, there are concerns over the input provided by your doctor from Changi General Hospital in his Medical Report, with the applicable extracts as follows:

**MEDICAL REPORT ON LOO CHUN YIK
S7586774C**

Mr Loo Chun Yik is a 47 years old male with no significant past medical history. He was admitted through Accident and Emergency Department, Changi General Hospital, on 3/3/22 with 1 week history of epigastric pain associated with vomiting and abdominal distension.

4. The patient did not suffer from head injury during admission from 3/3/22 to 7/3/22.

We would now be appreciative if you could answer the following questions:

1. Were you feeling sick with gastric pain and vomiting for the 1 week before the accident on 2 March 2022?
2. Are you now able to remember the 1st accident along the CTE exit to Jalan Kebun Limau at 1200hrs?
 - a. If yes, please advise us what had happened and where did you go after the 1st accident? Please also confirm if you had called anyone to inform them of the 1st accident?
3. Are you able to remember what you did and where you went between the 1st accident and 2nd accident?
 - a. If yes, please provide us with details of your activities and the locations that you had visited, as well as where you were heading to when the 2nd accident had occurred.
4. Please confirm if you had suffered any head injury due to the 2nd accident and if this had been informed to the doctor at Changi General Hospital.

Please feel free to call the undersigned at 69043122 (office) or 92273122 (hp) in the event of any queries and/or clarification required.

Thank you, take care and stay safe.

Kind Regards,

Naaz Mohd
