**Brief Details.**

At the traffic light junction from CTE Moulmein exit towards Balestier Road, SND3042Y was the first car waiting at the junction ready to make a left turn onto Balestier Road. When the traffic light turned green, SND3042Y moved off after checking clear of traffic. As the vehicle moved off, a siren was heard. Instinctively, SND3042Y driver released the gas pedal and looked into the rear mirror to check for the location of the source of siren. This was when an ambulance (QX1248T) had sped across the junction, from the right on Balestier Road to make a left turn into the slip road towards Moulmein Road. During the maneuver, the side of QX1248T swiped across the front end of SND3042Y.

The driver of QX1248T had come to a stop to assess the damage and admitted he was at fault in beating the red light at the traffic junction. He left without exchanging details, except for his mobile number, due to the urgent nature of his patient onboard. Traffic Police Officer Muhd Nur Hafiz arrived on scene to assess the situation shortly after.

The onboard car camera had the exact footage captured and it exceeds 2MB.
