Brief details.

I was on the last lane riding on Farrer Road main road when a black car, Vehicle Number: SLL6496H from the 3rd lane crossed the double white line and tried to make a sudden left turn into Woollerton Park. I was not able to brake in time as the distance was too short. If I recall correctly, my speed was around 60-70km/h. I hit the left side of the car between the front and back passenger doors and flew over the car and landed on the pavement (with the WOOLLERTON PARK header on the concrete wall side). My bike landed a few metres away from me which I later found out was in the drain. I tried to break my fall with

my hands which broke my wrist and the bone was sticking out. And my right hip was dislocated which prevented me from moving from that position. My helmet's visor broke into two, my shoes were flown out, my pants were torn, I suffered moderate to severe abrasions all over my body, my phone screen was cracked. A few people offered their help- one placed a cloth around my broken hand to reduce the bleeding, another guy contacted my elder sister SANGEETHA to inform her of the accident at about 6:38PM. The same guy contacted the ambulance, TP and the police. They arrived at around 7pm and brought me to NUH. At NUH, I underwent an emergency hand surgery to fix my broken wrist and had a metal implant placed as well. They were able to relocate my right hip. My abrasions were tended too. According to the doctor, I will have to go through physiotherapy and occupational therapy to regain mobility and strength on my left wrist/arm and will be placed on HL for 6-12 weeks.

(I have no additional details of the other party as I was injured and brought to NUH immediately.)
