Brief Details

On the 26/02/2022 @ about 0000hrs, I was riding my bike bearing plate no. FBF7194Y along Clementi Road, on lane 4 of 4 (Bus Lane) when there was a Comfort Delgro Taxi bearing plate no. SHA3572X Driver is one Mr Tan Kok Foo NRIC: S0557589C HP: 91075625 who was driving on Lane 3 of 4 just a little ahead of me on my right side.

While I was going straight, I suddenly noticed the cab pressing on his brakes hard as I saw his brake lights come on which looks like he was stopping in a hurry and also swerving to the left which was towards me. I then started to do emergency braking and pressed on my horn to warn him that I am beside him as I do not think he checked his blind spot. I was unable to stop in time and he side swiped me on my right side which caused me to fly off my motorbike and landed on the pavement causing severe injuries on myself. I also did not see him turning on any signals or hazard lights prior to hitting his brakes. Also, if I am not wrong he wanted to pick up a passenger along the bus stop as I think there was someone flagging him down but I do not think he should stop there as well as stopping at the bus stop would

cause him demerit points as well, along side that there should be double yellow lines or double zigzag yellow lines which also means he should not stop along the road as well.

I then got up and saw that my bike was fallen on its left side, on the road at bus stop no 12081. However, the cab driver did not come down immediately to render me assistance as well. I saw that blood was dripping from my head and I was unable to walk properly. I then exchanged particulars with him and asked him to call for ambulance. The paramedics arrived shortly and I was then conveyed to Ng Teng Fong Hospital A&E. I suffered a deep cut on slight above my right eye which I had about 5-6 stitches, a fractured right big toe as well as lots of cuts, bruises and abrasions all over my body. I had gotten a 14 day MC as well and will be going back for follow ups.

My motorbike is also severely damaged and is unable to be ridden and will be needing repairs. I am not sure of the damage yet as I have yet to see my vehicle due as I am unable to walk properly and also have difficulty with my daily activities. His cab has a dent on his front left side and also his left mirror dropped off when he side swiped me. I would also like to add that he did not immediately render me assistance and was in fact rude as well towards me and initially refused to exchange particulars with me until I asked him to call for police/ambulance service.

I also think that due to his old age, he was unable to hear my horn or was not focused on the road as it was late night as well. I am not sure if he should have been working at such a late timing considering his age due to fatigue, lost of focus etc.

I am lodging this report for insurance claims as well as for my lawyers information for follow up actions to be taken and also for recording purposes.
