Brief Details.

I have a car camera (both front & back).

It happened in the cross junction between dunman road and tanjong katong road.

I was waiting at the junction. The traffic light was red and my left signal light was turned on. When the green left-arrow traffic light appears, the motorbike (JPJ 5884) swerve in front of my car from the right, when I was about to turn left.

The motorbike hooked into my car's front right-side bumper as he swerve into my lane, and drag my bumper causing it to be yanked out.
