Brief Details.

On 7/3/22 at about 1929hrs, I was doing a parallel parking along Jalan Sultan. I was reversing when suddenly a taxi (SHB161M) behind me swerved into the lot head in, causing me to immediately jammed brake and the rear portion of my vehicle lightly tapped onto his front car plate. I immediately exited my vehicle and made a check and saw that there was no damage to both vehicle. The taxi driver however tried to accuse me that the old damage on his vehicle was my fault. However, after talking, he realized that he could not trick me. We both agreed that there was no need to lodge a police report or claim from insurance, as there were no damages on both our vehicles and none of us were injured. I would like to add that I took photos of both our vehicles as proof that there were no damages. This is definitely not a case of hit-and-run as mentioned.

His taxi has an in-car camera and it was recording. I do not have an in-car camera.
