**Brief Details.**

I am currently working as a Grab Driver (SJJ380G) and earlier on 22/11/2022 at about 2225hrs, I was travelling along Jalan Bukit Merah towards CTE and the traffic light was in my favour.

2 pedestrians suddenly run out of the pedestrian crossing at the traffic light of the junction between Jalan Bukit Merah x Kim Tian Road and I was unable to brake in time.

My car came into contact with 1 of the female pedestrian and I immediately stopped my vehicle and called for police assistance. I went out of my vehicle and went to check on the condition of the female pedestrian and observed that she is still lying on the floor. Subsequently I contacted Grab to inform them about the accident. When the ambulance came, they straight away send the female pedestrian to SGH thus I was unable to exchange particulars with them.

Traffic police also attended to me and gave me a case card and told me to lodge a traffic police report.

I would like to state that my car cam is functional, but I did not put any SD card inside.
