Brief Details.

On 22/07/2022 at about 1100hrs, I was traveling home on my motorbike (FD6997S), traveling from Bukit Panjang Road, and turning left into the filter lane heading towards Bukit Panjang Ring Road, I stopped at the filter lane as I was waiting for the traffic on the major road to clear, when the vehicle (SMG1343M) collided into my bike from behind which subsequently my bike moved forward as a result of the collision.

My motorbike then fell to the ground and I was still on my bike as I was I was in a state of shock, I then got up to my feet and immediately took photos of my bike and the said vehicle that collided into my bike, I then spoke to the driver of the said vehicle and the driver said he will call his father to which subsequently the father told the driver to make a police report. After a while, I saw a police car passing by and signaled them to stop and the officers told me to sit down and rest. The police officers then called for Traffic Police to attend to the scene. Shortly after, an ambulance along with Traffic Police arrived and the paramedics then did a check on me, I then told the paramedics that I have back pain, and I was then conveyed to Ng Teng Fong General hospital. After the doctor's assessment, I was given painkillers with 5 days of MC from 22/07/2022 to 26/07/2022.

I wish to state that my motorbike do not have any dashcam, and my motorbike has sustained damages to the exhaust pipe, the bike handle got bent, left brake got broken, and the left side stand got broken, the other said vehicle sustained scratches on the front left side. I also wish to state that I am making this report because I given a Case Card (J/20220722/0054).
