**Brief Details.**

On 17/06/2022 @ 1556hrs, I was driving my van, JUQ1005, on lane 1 of Koek Road, near OG Orchard Point. There are many vehicles parked on both side of the said road. Traffic was very heavy then. The vehicle in front of me stopped as there was a long queue at the traffic light ahead and I stopped behind the said vehicle. All of a sudden, I felt an impact coming from the rear of my van. I went down to check and realised that a car, SJA7370L, had collided onto the rear portion of my van. My van is equipped with both front and rear facing in-car cameras and it recorded the accident footage. No one was injured then, thus we exchanged particulars and decided to settle the damages via insurance claim before we left the scene. I am lodging this report to claim damages from the other party. That's all.
