**Brief details.**

First and foremost , I am aware that I'm suppose to make a Report within 24hrs but I was unwell and also by the time I wanted to make a report the website was down.

I parked my bike at 512 multistorey carpark on thursday morning, Afterwhich I went home then I did not ride my bike for 2 days as I was staying in my fiance's house from friday till saturday . On saturday early morning I came back to my house to take something and wanted to go down and take a look at my bike where I parked . me what had happened as he was there hand witnessed everything.

This is what he told me that :

He saw a white color van "GBC8274J"

The driver of the Van kept on and off the engine then he on and start revving the engine and straight bang into my bike and knock my bike with a loud impact and my bike dropped followed by hitting another bike. After that the van revved and reversed the van and went over the drain where the van was stuck after that the driver just left the vehicle as it is .

That's when I "Mujeeb Baloch" called 999 for the police and that's when they said they will send the Traffic Police down .

after awhile Traffic police came down with one traffic police car and 1 bike came down took the statement and pass my the case card with IO number: " I/00030304/0058 " . Afterwhich, I proceeded to call the IO and he told me to proceed making a report and also advised me to bring my bike to the work shop get it checked as from the outside the were dents and do not know if the engine is in good working order due to the impact but the handle bar was already out of alignment which means I am unable to ride my bike
