Brief Details.

On 13/03/2023 at about 2.45pm, I was driving my vehicle bearing registration plate number "SMH3420E" along AYE towards CTE. The nearest landmark I could recall was lamp post 210 just before the exit at Lower Delta Road. Traffic was heavily congested and I was driving on the second lane from the right. While driving, a vehicle bearing registration plate number SJK7970C made a sudden brake, I was unable to react in time despite applying the brakes and it collided with the rear of the said car. Thereafter I felt an impact almost immediately from the rear, a van bearing registration plate number GBH6553R had collided with the rear of my car. I also realized that a motorcycle had also collided with the rear of the said van. I did not take down the registration plate number of the motorcycle. The motorcyclist fell off his motorcycle and onto the road. The accident was later attended to by paramedics and Traffic police. A traffic police officer had retrieved the SD card from my in-car camera. The police incident number is D/20230313/0078.
