Brief Details.

I was travelling along in the left lane after the car exit from PIE (towards Jurong) into Jurong West Avenue 2. I notice a truck on my right and saw him signal he want to filter into my lane. I worry I am in his blind spot and instinctively hurry to move ahead on my lane when I felt something heavy hit me. The car starts to swerve right and hit the concrete divider on the right lane before the car swerve left again and ended up hitting the concrete divider on the left side lane. The vehicle come to a stop. I put the gear to "P" and pull the hand brake. someone knock on my left door and ask me if I am ok. I try to get out of the car and realise the right driver door is jammed and cannot be opened and the door window smashed but intact. I got off on the left passenger door and found out the person checking in on me is an eyewitness. His name is Haziq. I notice the truck is a cement truck and the driver is an Indian man. I asked if he is ok and if he is a Singaporean. The cement truck driver says he is ok and he is from India. I found out that he is going to Jurong Port and company is at Jurong Port. I call 999 for assistance after checking I am not bleeding. Another person also came up to me to say he witness the accident. He is driving a sedan car behind Haziq (who is riding a motor). He is Chandra. Chandra gave me his number before going off after I thank him, while Haziq waited with me until the ambulance arrive. I got Haziq number before he left and thank him for the assist. I was send to Ng Teng Fong hospital with my personal belongings in the car (a laptop bag, a sling bag and the car key). I have video camera in my car installed in front and back of car.
